

***Welcome to the Panel on  
Personnel Recovery in  
a Coalition Environment***

***2001 Department of Defense  
Personnel Recovery  
Conference***

## ***Panel: Personnel Recovery in a Coalition Environment***

### **Presentation Rules of Engagement:**

- **This is a “non-attribution” discussion**
- **Do not discuss classified information**
- **Be sensitive of your partner nations**
- **Watch your acronyms**
- **Hold questions until the Q&A session**

## ***Panel: Personnel Recovery in a Coalition Environment***

### **Background:**

- **In the current operational environment, the US employs its military in combined operations with military forces of other nations.**
- **Whether the US acts as part of a long-standing alliance commitment or an ad hoc coalition of forces, the personnel recovery community must be prepared and able to execute its mission in concert with other nations' forces.**
- **Operation ALLIED FORCE demonstrated that DoD is not yet where it wants to be in regard to its recovery capability.**

## ***Panel: Personnel Recovery in a Coalition Environment***

### **Question & Answer Rules of Engagement:**

- **Introduce yourself**
  - **Name and rank**
  - **State your position in brief, general terms**
- **Ask one question at a time**
- **Be sensitive of your partner nations**
- **Watch your acronyms**

## ***Panel: Personnel Recovery in a Coalition Environment***

***How can DoD prepare to recover isolated personnel of its allies and coalition partners more effectively?***

***What can U.S. allies and coalition partners do to successfully support personnel recovery efforts in combined operations?***

***What is the impact of U.S. policy on releasability of classified information on combined operations, and what can the DoD personnel recovery community do to mitigate the impact?***

***What can the combatant commands do to address the critical deficiency of combined personnel recovery exercises in the theaters? What can the Services provide to address this deficiency?***

***2001 Department of Defense
